GIA GEMOLOGICAL REPORT

EMERALD ORIGIN REPORT

September 19, 2014

GIA Report Number 5161564172

Measurements 10.73 x 9.73 x 5.44 mm

Shape Octagonal

Cutting Style Step Cut

Transparency Transparent

Color Green

Item Description — Set in a white and yellow metal ring with numerous transparent near colorless round brilliant cuts weighing 12.69 grams (gross)

CONCLUSION

Species Natural Beryl

Variety Emerald

Geographic Origin Colombia

TREATMENTS

Indications of clarity enhancement (if?)

Comments: Any statement on appropriate origin is an expert opinion based on a collective of observations and analytical data.

Due to their growth conditions, in nature and recovery methods, most emeralds contain surface-reaching features. For this reason, clarity enhancement is a common trade practice.
