General Report Comments:

Document No: 1139069 Validation Date: 19 March 2024

Identification

Mineral Type: Natural Tourmaline **Transparency:** Transparent
Variety: Paraiba **Color Description:** Greenish Blue

Carat Weight: Not Determined **Shape:** Oval
Measurements: Approx. 7.42 x 5.94 x 3.64 mm **Cutting Style:** Modified Brilliant Cut

Comments: Set in a white metal ring with eight baguette and several round diamonds (identified at random). Paraiba is a trade term/color variety applied by the AGL to the copper-bearing variety of elbaite tourmaline, which was first discovered in the Paraiba state of Brazil.

Identification

Origin

Provenance: Brazil

Comments: Based on available gemological information, it is the opinion of the Laboratory that the origin of this material would be classified as Brazil.

Origin

Enhancement

Standard: See comments **Additional:** Clarity
Stability Index: Color Stability: Excellent **Degree:** Minor

Comments: This color variety of tourmaline is commonly the result of a relatively low temperature heating process. Tourmalines may be clarity enhanced to reduce the visibility of fissures. The stability of this type of enhancement is Very Good to Good.

Enhancement

American Gemological Laboratories™
America's first and most highly respected origin lab.

Founded in 1977,
AGL is an internationally recognized gemstone testing facility, specializing in comprehensive colored stone analyses.

AGL has the distinction of being the first laboratory in the United States to issue Country-of-Origin reports. Our company and its principals have a long tradition of research into the detection of and reporting on gem identification-and-classification, gemstone treatments and provenance determinations.

Our staff is composed of experts in the field of gemstone testing and reporting. Our findings reflect the latest knowledge and analytical techniques to ensure the highest standards are applied on every stone we test.

AGL's testing and reporting methodology provide you with unsurpassed quality and reliability. We are committed to providing the highest level of service and reporting that our clients and the industry have come to expect from the AGL.
