set arrangement of the item described

Report Comments:

Document No: 1107444

Validation Date: 4 March 2020

Identification

Identification
Mineral Type: Natural Rhodonite
Variety:

Color Description: Red

Carat Weight: 57.39 cts
Measurements: 28.77 x 19.75 x 10.88 mm

Shape: Cushion
Cutting Style: Modified Brilliant Cut

Comments: A manganese inosilicate and member of the pyroxenoid group of minerals.
The unusual combination of size and quality factors present in this material contributes
favorably to its rarity and desirability.

Enhancement

Standard: None

Additional: None

Comments: No gemological evidence of enhancements/treatments present.
