LABORATORY SEAL & GEMOLOGISTS SIGNATURES:

B. B. B. B. B.
 BIRAJ BAKHACHARYA, A.G.

P. Cattoni
 PABLO CATTONI, A.G.

DISCLAIMER: color and clarity grading of diamond is conducted with the unaided eye and with 10x loupe under artificial standard daylight 6500K. Gfco Gem Lab applies GIA standard but differences may occur due to the gemologist(s) opinion - beware grading is approximate when diamonds are mounted in jewelry. If several diamonds are present, testing & grading is possibly not exhaustive but of a random number of pinks. This report represents the opinion of accredited and experienced gemologist about the item at the time of examination; the laboratory cannot have knowledge of any potential subsequent treatment or modification of the item. This report is issued without any guarantees. The laboratory shall not be liable for any mistakes or omissions. The use of this report for trading by the client is at his own risk. This report can be verified online at www.gfco.ch.
