American Gemological Laboratories  
 580 Fifth Avenue • New York, NY 10036 • 212.704.0727 • www.aglgemlab.com  
 (Please see the back of this document for important disclaimer information) © 2021 AGL

Document No: 1113416      Validation Date: 19 March 2021

**Identification**  
 Mineral Type: Natural Corundum      Transparency: Transparent  
 Variety: Padparadscha Sapphire      Color Description: Orangy Pink

Carat Weight: 8.45 cts      Shape: Oval  
 Measurements: 11.46 x 9.97 x 8.38 mm      Cutting Style: Modified Mixed Cut

Comments: Color test: Stable color determined.

Identification

**Origin**  
 Provenance: Ceylon (Sri Lanka)

Comments: It is the opinion of the Laboratory, based on the weight of evidence that the origin of this material would be classified as Ceylon (Sri Lanka).

Origin

**Enhancement**  
 Standard: Low temperature heating      Additional: Clarity enhancement: None

Comments: Gemological evidence of relatively low temperature heating. Padparadscha sapphires are commonly heated to modify their color and appearance.

**American Gemological Laboratories™**  
 America's first and most highly respected origin lab.

Founded in 1977,  
 AGL is an internationally recognized gemstone testing facility, specializing in comprehensive colored stone analyses.

AGL has the distinction of being the first laboratory in the United States to issue Country-of-Origin reports. Our company and its principals have a long tradition of research into the detection of and reporting on gem identification-and-classification, gemstone treatments and provenance determinations.

Our staff is composed of experts in the field of gemstone testing and reporting. Our findings reflect the latest knowledge and analytical techniques to ensure the highest standards are applied on every stone we test.

AGL's testing and reporting methodology provide you with unsurpassed quality and reliability. We are committed to providing the highest level of service and reporting that our clients and the industry have come to expect from the AGL.
