## Comments:

This diagram is an example and does not represent the actual facet arrangement of the item described

Document No: 1123701 Validation Date:

Identification

Mineral Type: Natural Zoisite Transparency: Transparent

Variety: Tanzanite Color Description: Vivid Purplish Blue

Carat Weight: 104.39 cts Shape: Cushion

Measurements: Cutting Style: 30.94 x 27.08 x 15.49 mm Modified Mixed Cut

Comments: Total Quality Integration Rating (TQIR): Exceptional. The unusual combination of size,

> provenance and quality factors present in this material contributes favorably to its rarity and desirability.

Origin

Provenance: Classic™ Tanzania

Based on available gemological information, it is the opinion of the

Laboratory that the origin of this material would be classified as

Classic™ Tanzania

Enhancement

Standard: See comments Additional: Clarity enhancement: None

Stability Index: Color Stability: Excellent

The color of tanzanite is commonly the result of a relatively low temperature heating process.

1 2	3 4	5 6	7 8	9 10
Excellent	Very Good	Good	Fair	Poor

Enhancement Stability Index

None	Insignificant		Moderate	Strong	Prominent
Extremely Rare	Very Rare	Rare	Uncommon	Common	Very Common

Degree of Clarity Enhancement & Relative Rarity

**General Report Comments:** 

American Gemological Laboratories™

America's first and most highly respected origin lab.

Founded in 1977.

AGL is an internationally recognized gemstone testing facility, specializing in comprehensive colored stone analyses.

AGL has the distinction of being the first laboratory in the United States to issue Country-of-Origin reports. Our company and its principals have a long tradition of research into the detection of and reporting on gem identificationand-classification, gemstone treatments and provenance determinations

Our staff is composed of experts in the field of gemstone testing and reporting. Our findings reflect the latest knowledge and analytical techniques to ensure the highest standards are applied on every stone we test.

AGL's testing and reporting methodology provide you with unsurpassed quality and reliability. We are committed to providing the highest level of service and reporting that our clients and the industry have come to expect from the AGL.
