Identification

American Gemological Laboratories™  
America's first and most highly respected origin lab.

Founded in 1977,  
AGL is an internationally recognized gemstone  
testing facility, specializing in comprehensive  
colored stone analyses.

AGL has the distinction of being the  
first laboratory in the United States to issue  
Country-of-Origin reports. Our company and its  
principals have a long tradition of research into the  
detection of and reporting on gem identification-  
and-classification, gemstone treatments and  
provenance determinations.

Our staff is composed of experts in the field  
of gemstone testing and reporting. Our findings  
reflect the latest knowledge and analytical  
techniques to ensure the highest standards  
are applied on every stone we test.

AGL's testing and reporting  
methodology provide you with unsurpassed quality  
and reliability. We are committed to providing  
the highest level of service and reporting  
that our clients and the industry have  
come to expect from the AGL.
